About us

We are a family run business, established in 1985 by husband and wife team, James and Gillian Dabbs. Now with over 30 years' experience in the event industry, we are specialists in the provision of high quality marquees for all occasions.

We pride ourselves on providing a quality finish for the most discerning of clients. Our expert team of staff, who are highly trained with many years' experience, take great pride and care in their work. Our marquees are professionally erected and dismantled with limited fuss and intrusion for our customers.

The Company is based near Dewsbury, West Yorkshire where we operate from purpose-built modern warehousing, we have all the necessary equipment and space to maintain and clean our marquees, ensuring a quality end product at all times.

Our advice based upon years of experience, will be invaluable. We have many contacts and associates who we work closely with including high quality caterers, event organisers, venues, themeists etc. We have the knowledge and expertise to advise on all aspects of your function/event.

Our Mission

When investing in a special occasion it is vital that you engage the services of a company you can trust. Our aim is to ensure your function or event is a success.

We provide a reliable and personal marquee hire service at all times. A special occasion needs to be exactly that; special. Whatever your occasion, James Dabbs & Co will ensure your guests are left with happy memories!

Our free advice and site inspection will be invaluable to you when arranging your function/event, however, large or small. We recognise that all functions are different and no marquee is the same and all our quotations are tailored to our customers' individual marquee hire requirements.

Our Marquees

A marquee is often the centre-piece of an event and it is essential that its size, position and specification has been carefully planned to meet the demands of the day.

Each marquee is manufactured from quality materials and, for maximum safety; all are flame retardant and meet the very latest British Standards. Our marquees are supported by an aluminium frame around the edge which means more clear space inside the marquee. The framed construction ensures that there are no guy ropes for guests to negotiate.

Our marquees are designed to give flexibility, fitting into confined spaces and we have the expertise to negotiate any garden size and lay out. Stand alone or as an extension to a building each marquee can be fitted out to suit your special occasion perfectly.

Our aim is to ensure
your function or event
is a success.

Framed Marquees

Our marquees come in 3m, 6m, 9m, 12m and 15m widths and can be as long as you like.

From small walkways to party tents and marquees suitable for large-scale corporate hospitality events we have the equipment suitable for your occasion.

Pagoda Marquees

Available in span widths of 3m, 4m, 5m and 6 meters.

Interiors

Interior decorations are essential to create the right atmosphere. We have a wide selection of attractive linings, furnishings, flooring and other features for you to choose from. As well as our marquees we also supply:

Tables and chairs • Hard wooden floors and carpet • Dance floors • Staging • Heaters

Lighting equipment - Chandeliers, LED uplighters, Fairy Lights, Festoon Lighting, Flood Lights, Black LED Star Cloths

We can also arrange the supply of more bespoke lighting and furniture, toilets and generators

We have a vast array of contacts in the industry and most requirements can be catered for – we'd only be too happy to share our knowledge!
